LETTERS / REPORTS / CERTIFICATES: Letters / Reports / Certificates of UL are issued for the exclusive use of the Customer to whom they are addressed. No quotation from reports / certificates or use of the UL's name is permitted except by UL's express written authorization. Letters / reports / certificates apply only to the specific materials, products or processes tested, examined or surveyed and are not necessarily indicative of the qualities of apparently identical or similar materials, products or processes. Reports / Certificates of UL do not relieve sellers / suppliers from their contractual responsibilities with regard to the quality / quantity of the goods in delivery nor do they prejudice the Customer's right to claim against sellers / suppliers for compensation for any apparent and/or hidden defects not detected during UL's random inspection or testing or audit. The liability of UL to the Customer in contract, tort (including negligence or breach of statutory duty) or howsoever, and whatever the cause thereof, (a) for any loss of profit, business, contracts, revenues, or anticipated savings; or (b) for any special indirect or consequential damage of any nature whatsoever, shall be limited to the amount of the fee paid in respect of the specific Work(s) which give rise to such claim.

For Reports / Certificates, refer to the UL VS Terms and Conditions.

Decision Rule: the declaration of conformity is given not taking into account the measurement uncertainty.

Level of risk associated with the Decision Rule: The results issue by UL Solutions does not take in consideration the measurement uncertainty, but when the value is close to the limit, the test, if repeated by another laboratory, can give a different result.

Lab Report: ARSL2952297

Compliance Failures:

Performance Failures:

The sample exhibits noticeable differential shrinkage between the face and the back of the comforter, detracting from the overall appearance.

Shrinkage - Differential

The batting used in the sample demonstrates poor durability in laundering with considerable batting migration (lumpiness) noted after following the labeled care instructions as listed in the Technical Worksheets.

Durability - Batting Migration

The sample demonstrates excessive lengthwise and widthwise shrinkage in laundering, following the labeled care instructions as listed in the Technical Worksheets.

SHRINKAGE (%)

Findings: 8.3, 3.8-5.3

Requirements: 3.5

Shrinkage - Excessive
