Sylvia,

Just checking to see if you got the needed extension yet?

Also need to let you know due to budget cuts we had to eliminate Carly's position.

Brittany will be taking over Belk, OTP, and Gabes.

谢谢

They are working on the allocation but the gal doing it is not back till Tuesday so we have to wait on that one.

For the po extension was it the carrier issue for sheets?

Hi Maribeth,
I am showing that this PO already has a 1/16 cancel date.
I bumped it out a couple more days to 1/18 so hopefully there are no other extensions needed.
Please let me know if you need anything else from my side.
Thanks.

Stephane,

Someone was going to adjust the below po for the case pack error. The total is correct but the splits between the DC's are not divisible by the 3 pc case pack and need to be reallocated.
