**Bedding Collection Sample Specifications**

Bedding Collection Samples are used in two locations in the store; the Comfort Collection and Accessory Units.

- Each location has specific sample size and sample detail specifications.
- Within each location, bedding product has specific sample size and sample detail specifications.
- Vendors are to produce samples to these sizes and details.
- Samples should include any appropriate program detail including hem, quilting, baffles, etc.
- Vendors should provide a pre-production sample for Product Team & Visual Merchandising approval prior to full production run.
- Vendors are to provide final samples poly-bagged and labeled with Sleep Number provided SKU.
