Hi Lily,
Pls assist James in creating PO.

Thanks,
Tran

The labor rate is \$163 an hour so for 8 hours \$1,304.00. The tech has already done 4.5 hours out there but we will need to come back with a power supply and monitor module. 8 hours should work for this work order, please keep in mind we will only bill you for the time we are out there so if it is under the 8 hour mark we will only bill for the hours out there.

Thank you,

Samantha Dunn

Samantha - Do you have an estimate on time? for 8 hours what is the labor rate? So I have some guidelines to start.

There was not a specific error message that was expressed to me, the request was for trouble signals on panel after the storms we have had.

Hello James,

I just received a call from John needing a service call for some alarm work. Per the account notes we need to notify you of the service request via email and also request a PO for the service call.

Can you please send over that PO or provide a PO number for us to reference on the work order?

Thank you,

Samantha Dunn

Hi James,

Please forward the proposal to create a PO for Summit Fire.

Thanks,

Lily
