**Scope of Work**

1) UNLOADING & STORAGE: All unloading and storage of equipment purchased is the responsibility of the purchaser unless otherwise specified

2) INSTALLATION: All prices for installation are based on the following:

- a) Unless specifically stated otherwise, all installation will be performed by factory-trained non-union personnel. If union labor is required, additional charges will apply.
- b) All wire, wiring, conduit, electrical hookup, control wiring, mounting of control panels and outside lights (if applicable) by others.
- c) Prices are based on installation of equipment during normal business hours and a normal business week. If specified work is to be done on weekend, additional charges will apply.
- d) Pricing is also based on all equipment being installed on same trip with driveway to be poured prior to start of installation. Additional charges will be added if additional trips are involved due to site conditions.
- e) If installation involves removal of existing equipment, pricing does not provide for handling and disposing of existing equipment unless otherwise specified.
- f) Preparation of site, removal of obstructions to accept equipment, cutting, patching, and painting is by others.

3) DOCK LEVELERS: Specific to dock levelers and their proper installation:

- a) Installation of levelers excludes excavating, forming of pits, and pit steel. Pit forming can be provided and quoted as an option.
- b) Installation pricing includes necessary materials, off loading into pre-formed pit, positioning, shimming, and welding in place for pit leveler only.
- c) Box Leveler - Shimming and securing a box leveler in place is the responsibility of others. Installation refers to final adjustment only for this type of leveler.
- d) If pit formation has been included, Just Rite Equipment, Southern Dock Products, and affiliates are not responsible for any subsurface complications during pit excavation. Should unforeseen obstructions (conduit, water lines, wall thickness greater than 10", slab thickness greater than 6", etc.) be encountered, customer will be notified.
- e) Unless otherwise noted, pit formation does not include a dust control enclosure around the dock during concrete cutting.

4) OVERHEAD DOORS: Specific to overhead doors and their proper installation:

- a) Installation of overhead doors is based on an enclosed facility with a finished floor.
- b) All interior mounting surfaces to flush and plumb.
- c) Door frames, extensions and anchor plates for track, springs and / or electric operators are to be supplied and installed by others.
- d) For operators, all electrical wiring, interconnections, and supply of primary power by others.

5) ELECTRICAL: Electrical install for power and controls by others. All wire, wiring, conduit, electrical hookup, control wiring, mounting of control panels and outside lights (if applicable) by others.

All prices quoted herein are subject to steel price increases from our suppliers. Increases may be applied to orders before the time of shipment in certain situations. Most suppliers have informed us of their intent to increase prices, but we have little definitive information at this point. Some suppliers have had their term buying contracts shortened or rescinded by steel mills and/or wholesalers, thus causing price uncertainty. We will try to keep you informed of any pending announcements or increases, and also try to mitigate these as best we can. Thanks for your business and understanding.
