Attention: Patrick Andershack

Reference: Downspout Installation

Per your request, we propose to install a new downspout to redirect the water from 3 of 3 employees outside break areas for the lump sum of \$ 1,558.34.

The above price includes:

1. Install new downspout color to match
2. Remove all trash and debris associated with this project
3. Set up and material procurement fee
4. All repairs will be installed per the manufacturer's warranty specifications.

The above price does not include:

1. Raising existing penetration (by others)
2. Disconnection or removal of MEP penetrations
3. Any other existing roofing or metal related work/repair except as noted above
4. Cutting decking and or any substrate
5. Any additional pipe penetrations i.e. Electrical, gas lines, etc. will charge at \$150.00 each.
- 5.

All work will be performed in accordance with the manufacturer's technical details and warranty requirements. To maintain warrantable flashing details, all penetrations should be a minimum of 12" above the finished roof height, a minimum of 16" away from any other penetration, curb or wall, a minimum of 1" diameter and should be a rigid, water-tight penetration, i.e. no braided cables or uni-struts.

We base our quotes on the information you provide any changes to the scope of work will be billed accordingly after the completion of the work. Please send written confirmation of the work requested and any necessary purchase order or reference numbers. All work needs to be scheduled at least one week in advance.

Please note that some ponding water may occur as the penetration may obstruct the flow of water as originally designed by the building's architect.

If you need any further information, please let me know.

Very truly yours,
DIXIE MEMBRANE ROOFING, INC.
