Hi James:

The repair cost is very expensive, but if Siemens can fix for good and for all, I'm fine to spend this money. Thanks

Regards,

Jessica, Please approve the attached - Total \$6,227.40

This is to replace the bad Power Supply, SEP9, as well as replace 2 smoke detectors that failed and we had Siemens look at while they were out there. This price also includes a scissor lift rental, for the replacement of the smoke detectors.
