CONTRACT #: BWI52583193

SUBJECT: 163,000 Gallon Bolted Ground Tank located at 2222 East Beamer St Woodland, CA 95776

Mr. Alex Gonzalez,

We are pleased to offer our innovative robotic inspection service for your tank, which requires no draining or service interruption. Our efficient process ensures that our team's on-site presence will be less than two hours, minimizing any operational disruption.

To initiate the service, simply sign the attached contract or issue a Purchase Order and return it to your Account Executive. Our inspection department will provide a date for the inspection within 12-14 weeks. Payment is not required until project completion and we conveniently accept credit cards.

**Upon finalization of contract and prior to the start of work, we will provide proof of insurance coverage.**

For further clarification or to proceed with the process, please feel free to contact your **Account Executive: Beth Wilderman at [BWilderman@pmdtank.com](mailto:BWilderman@pmdtank.com) or (270) 826-4000 ext. 238.**

We appreciate the opportunity to be of service.

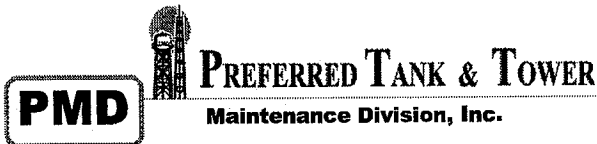

Sincerely,  
PREFERRED TANK & TOWER  
MAINTENANCE DIVISION, INC.

CONTRACT #: BWI52583193

We propose to furnish all labor, material, equipment and insurance necessary to complete the following service to the following tank:

**163,000 Gallon Bolted Ground Tank located at 2222 East Beamer St Woodland, CA 95776**

**ROV**

- Preferred Tank and Tower Maintenance Division, Inc. will inspect the interior of the tank while in service using our remotely controlled submersible robot. The exterior of the tank will be visually inspected by our trained inspector.
- Inspection to meet OSHA, EPA, NFPA and AWWA requirements. Security, safety, structural, sanitary and coatings conditions will be reviewed. The following items will be examined: hatch, external overflow, safety systems, anchors, foundation, seams, welds, manways, roof, vent, shell and ladders. PMD's inspector will notify owner of any emergency items.
- PMD will provide owner with a written report containing color photographs of the interior & exterior facility, recommendations, and cost estimates. This proposal includes up to one hour of same day on site safety training/orientation. Customer related delays and/or revisits will be charged accordingly.

**All of the above to be completed in a substantial and workmanlike manner for the sum of ONE-THOUSAND EIGHT-HUNDRED DOLLARS AND ZERO CENTS.....\$1,800.00**

**The terms of payment are Net 30 days, after receipt of invoice. Invoices will be submitted as follows: Upon completion**

The parties approving this contract certify that they are fully authorized to do so, and that all legal requirements have been complied with. You are hereby authorized to furnish all labor, material, equipment and insurance required to complete the work mentioned in the above proposal, for which the undersigned agrees to pay the amount mentioned in said proposal and according to the terms thereof. Owner is responsible for having tank accessible and ready for performance of above mentioned scope of work.

ALL QUOTATIONS SUBJECT TO ACCEPTANCE WITHIN 30 DAYS

Accepted: 06/10/2025, 20

## *Benefits and Reasons for Comprehensive Tank Inspection*

- AWWA and NFPA require inspections to be performed at a 3-5 year interval, as well as documentation of inspection to be kept on file.
- We provide a comprehensive report with color photographs stating the general interior and exterior condition with recommendations for corrective action.
- Testing methods such as non-destructive ultrasonic thickness testing, vacuum box testing, adhesion testing, lead testing and mil thickness testing are available upon request to test for overall structural and coating integrity.
- Allows for detection of needed repairs while still in early stages to keep maintenance costs low.
- Certified Inspectors are able to alert owner as to any findings that need to be addressed on an emergency basis.
- We offer to conduct a conference call for further review of inspection report in order to assist in developing a final scope of work for needed repairs and code upgrades per the latest OSHA, NFPA, AWWA, and EPA requirements.
- Quotation for upgrades will be supplied as our highly qualified crews are able to perform necessary repairs.

## *What our Inspection covers*

- General condition of tank and foundations
- Ensures interior and exterior coatings meet AWWA and NFPA guidelines. Inspection to meet OSHA, EPA, NFPA and AWWA requirements.
- Security, safety, structural, sanitary and coatings conditions will be reviewed.
- The following items will be examined: hatch, external overflow, safety systems, anchors, foundation, seams, welds, manways, roof, vent, shell and ladders.

AWWA – American Water Works Association

OSHA – Occupational Safety Health Administration

NFPA – National Fire Protection Association

EPA – Environmental Protection Agency
