

EEC Publish Version 250821

Accounting Part

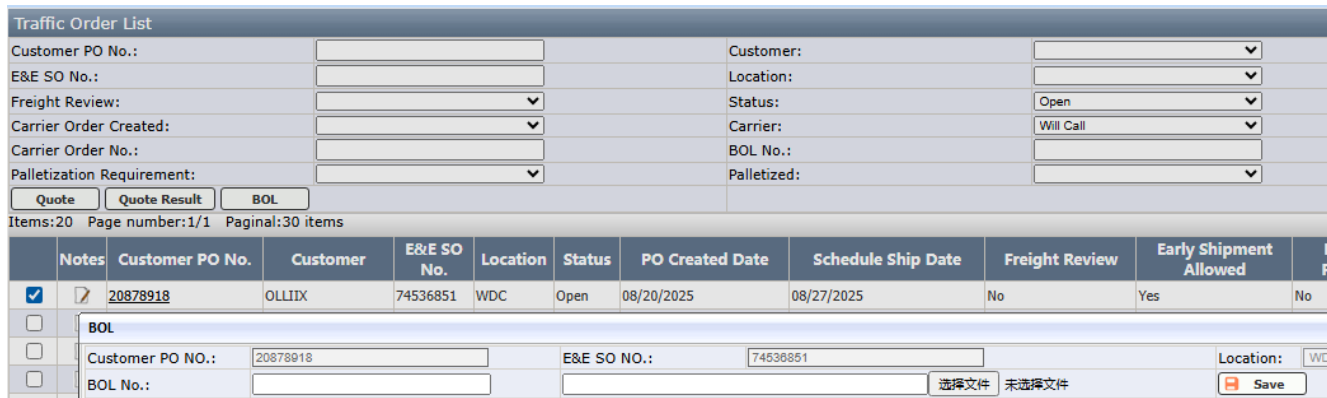

1. Create AR Aging Detail Report under Accounting Management.

2. Revise PO Transfer Mgt. page to include invoice amount.

Customer Service Part

1. Revise FedEx Shipping API to support third party billing for FedEx Smart Post.
2. Revise Traffic Order List page to support Will Call process.
 - EEC gets pallet info for will call order when warehouse user completed pallet building.
 - CS search will call order, quote based on pallet info.
 - CS save BOL No. and upload BOL file by click BOL button.
 - System send release email with BOL file to DC to ship the will call order.

EDI Part

1. Support to send Invoice Notification alert at customer and order type level.
2. Revise 850 mapping for LZB to get DTM from item level.
3. Create 850 mapping for WALMARTPET.
4. Revise 860 and 865 for CSNSTORES.
 - Revise 860 to cancel line item without POC01.
 - Revise 865 to send QD/CF based on line item status.
5. Create 870 for HSNDS.

Distribution and Ecom Platform Part

1. Create Shipment Container Status Report under Distribution. Used to check container Detention fee.
 - System will send email alert for container pickup and return.
 - Need to maintain email address on Container Status Email Alert Maintenance page first.

The screenshot shows the 'Shipment Container Status Report' form with the following fields:

- Shipment ID:
- Container No.:
- EEC PO No.:
- Shipping Line:
- Business Unit:
- Shipment Process Type:
- Shipment Process Step:
- Port of Discharge:
- Demurrage Days(>=):
- BOL:

Below the form is a table with the following data:

| Shipment ID | Process Type | Process Step | Container No. | BOL | Shipping Line | Port of Discharge | Detention Free Days | ETA | Port Arrival Date | Demurrage LFD | Port Pickup Date | Detention Ex |
|-------------|--------------|------------------|---------------|------------------|---------------|-------------------|---------------------|------------|-------------------|---------------|------------------|--------------|
| POE25070348 | Ship: POE | Shipment Transit | HLBU3152906 | HLCUKH1250642678 | Hapag-Lloyd | NY | 10 (CD) | 08/01/2025 | 08/01/2025 | 08/07/2025 | 08/07/2025 | 08/16/2025 |
