They are different panels. We have a total of 11 of these SEP's in the Wilmer location.

Hi James:

Another one? Are they the same panels with issue again or different panels?

Regards,

Subject: Request Approval - Wilmer, TX - Siemens for SEP7 & SEP10 Troubleshooting

Jessica - Please approve for Siemens to come out and troubleshoot the current issues with SEP7 & SEP10. Both of these panels have been sending faults over the past 2 weeks. Total troubleshooting cost is estimated at \$2,260.00
