TOTAL: \$4,500.00

Work Order Description: Weed Abatement

Scope of Work: Please find listed above the proposed costs to perform the Weed Abatement at the above referenced property. Please sign and return this proposal to us if you would like for us to proceed with the work. The weed abatement service may involve mowing, disking, and/or spraying of areas that contain weed growth of 12 inches or higher. This service is meant to ensure that properties comply with city standards for land clearance and safety. Although this is a one-time service, a property may require multiple weed abatements, depending on the severity of weed growth throughout the season. Please sign and return this proposal if you would like to proceed with the work OR if you have any questions, please contact our office to arrange a time to review this proposal with an Area Manager.

PO#:

Qualifications: 1. Unless otherwise specified, materials and labor will be furnished in accordance with outlined qualifications and exclusions, including regarding clean-up and removal of all related debris. 2. Assumes no underground utilities or other underground obstructions conflict with the work to be performed by Terracare Associates/Jensen Landscape/The Growing Company or its subcontractors. If there are, or the client suspects that there maybe, they are to be located by others prior to start of work. 3. Assumes an appropriate irrigation system is available, provides full coverage in all necessary areas, is in good operating condition, and can accommodate any necessary enhancements, including new work installed by Terracare Associates/Jensen Landscape/The Growing Company or its subcontractors. These requirements are equally applicable to new and modified irrigation. 4. Any photos included in the proposal do not represent the actual sizes of installed plants nor year-round color or condition. Size and appearance may vary by season. 5. Warranty: No express or implied warranties other than those expressly included in an express contract. All work to be completed in a workmanlike manner according to standard practices. Any alterations or deviations from above specifications involving extra costs will be executed only upon written orders and will become an extra charge over and above the estimate. Plant material is warranted for one year from date of installation unless planted in areas not irrigated or where the irrigation system is in-operable. To preserve warranty, Terracare Associates/Jensen Landscape/The Growing Company must remain in direct control of all watering (manual or automatic) which may be required to preserve the plant material we install; the costs associated with manual watering are not covered in this proposal. 6. Work will be scheduled based on availability of Terracare Associates/Jensen Landscape/The Growing Company personnel. 7. Payment is due upon receipt of invoice. Exclusions: 1. Unless otherwise specified, Terracare Associates/Jensen Landscape/The Growing Company is not responsible for permits, fees, damage to underground utilities not located prior to start of work, backflow preventer unit, drainage system installation, viability of transplanted plants, repair of damaged hardscape beyond our control, and other unknown items not shown on client-submitted, as-built drawings. 2. Terracare Associates/Jensen Landscape/The Growing Company uses non-union labor.
