CUSTOMER AUTHORIZATION

This estimate is provided by Pearce Heating & Air Conditioning as a good-faith estimate based on visible conditions at the time of inspection and includes only the work specifically described above. The quoted price is valid for 30 days from the date of the estimate.

This estimate is not a contract for services until approved by the customer and does not guarantee the final price of the work to be performed. The estimate is based on our evaluation at the time and may not account for hidden or pre-existing conditions that cannot be identified during the initial inspection. Conditions such as code issues, equipment deterioration, drain or refrigerant system failures, access limitations, material price increases, or other unforeseen problems discovered

during the course of work may require additional labor, materials, or repairs. If such conditions arise, any additional work and associated charges will be discussed with the customer and require approval before proceeding.

Customer acknowledges that performance of the described work may require access through or alteration of walls, ceilings, floors, or other structural or finished surfaces, including but not limited to drywall, plaster, insulation, or related materials. While Pearce Heating & Air Conditioning will take reasonable care to minimize unnecessary damage, the company is not responsible for the repair, replacement, finishing, or restoration of any such surfaces disturbed or altered in order to perform the work. Any patching, painting, or finish work is not included unless specifically stated in writing in the scope of work.

Pearce Heating & Air Conditioning is not responsible for the failure of existing HVAC or plumbing systems due to age, condition, or prior installation, and liability for any claim related to services performed is limited to the amount paid for the services provided.

By approving this estimate, the customer authorizes Pearce Heating & Air Conditioning to perform the work described above and agrees to pay for all labor, materials, and services provided. The customer also understands and agrees that payment in full is due upon completion of the work on the same day the work has been completed, unless otherwise agreed to in writing.
