Invoice 5925.pdf; Invoice 5926.pdf;

Hi Christine - can you please provide PO's for the two invoices attached. We had two waterline leaks that needed emergency repairs. Work is complete.

James - this line has 3-4 other areas ready to break through at any moment (heavily corroded) . We need to replace entire line to prevent additional leaks resulting in product getting wet. This is a water line not fire water line.

Invoice details

Invoice no.: 5925
Terms: Due on receipt
Invoice date: 05/14/2026
Due date: 06/01/2026

#	Date	Description	Amount
1.	03/16/2026	Replace 10 ft of 2 1/2" copper due to leak Recommend replacing entire line. Water main has high amount of electrolysis and leaks will continue. Typically type L copper is used in commercial due to having thicker walls. This building was built using type m copper which is the thinnest and least expensive material	\$2,180.00
