Hi James,

Thank you for bringing this to our attention.

We understand the concern regarding the connectors on the received items. Please hold off on making any payment for these parts at this time. We're currently reviewing the situation and will work to determine the best way to resolve it promptly.

Once we have sorted out the appropriate next steps, we will follow up with a clear arrangement to ensure everything is handled smoothly.

Thank you for your patience and understanding.

Best Regards,

GeekPlus - Please advise - These two items were received, however they do not have the correct connectors on them. I do not want to pay for parts that I cannot use. Please advise on the next steps for this.

These have not been received. Last I heard was that they would be coming from China as they were out of stock in the US.
