Eric,

I advised my team to offload the freight. We are having trouble loading it because of the beams from the trailer. Can we schedule this pick up for 12/26 or 12/27? Please send a trailer with no beams in ceiling or a flap at the door. Please see pictures. Thank you.

*Thank You.*

All FTL drivers must provide their OWN LOAD BARS / STRAPS.

Olivia

My driver is there getting loaded but they had to unload them because the boxes were torn. See pics. I don't think Costco will receive them like that

Please advise
