## Small Parcel Overmax

Chargeback explanation:

One or more cartons within a shipment exceeded the THD Routing Manual guidelines for Small Parcel shipping:

- All individual cartons must be less than 165 inches in length and girth combined: (Length + [(2 x width) + (2 x height)]). As an example, if package dimensions are L = 26 inches, W= 18 inches, H = 12 inches, then the length (26) plus girth [(2 x 18) + (2 x 12)] will be 86 inches.

Please see the attached documentation for further information and explanation.

If no response is received within 30 days of the date of the chargeback email sent, your account will be automatically debited for this claim
