Dear Valued Supplier Partner,

On Friday, 11/08, an opportunity was identified with a subset of POs that were generated between 11/07 and 11/08 with incorrect information, and as a result, the POs were cancelled late Friday afternoon.

An evaluation over the weekend showed that some of your loads generated as part of a vendor-pool were affected by these PO cancellations, which resulted in the shipments and associated loads being cancelled as well. The attached document shows the current status of each of the POs and loads.

Please review and check TSCP often throughout the day for the most up-to-date information. If you have any questions, feel free to submit a ticket through the Team Support at the link below.
