Ashley,

Good afternoon. Please be advised that E&E's 2 Georgia warehouses have been without power all day. We are asking for late ship waivers for all POs received yesterday 5/1 (which should have been processed today) and today 5/2.

This is a widespread issue near Savannah and the ETA for service restoration has already passed twice, unfortunately. We are hopeful power will be restored soon and we may add hours to tonight or tomorrow to catch up, depending on the power company's ability to get service restored.

Thanks,

Kelly
