KATIJA BJELAJAC

Born in Split, Croatia, Katija Bjelajac migrated with her parents to Washington State where she was raised. At an early age she discovered her love for art. Her father, a former artist, is her major influence and drive. Katija sold her first major painting at 16, a watercolor donkey, to a coffee shop in Bellingham, Washington. She earned a Bachelor of Fine Arts in Game Art and Design from The Art Institute of Houston. After completing her degree, Katija delved into her fine art practice, which involved watercolor, ink and acrylic paintings. Katija has been described as a versatile artist, able to capture multiple different styles in different mediums. Her practice has a wide range of imagery including figurative, abstract, and realism. Katija currently lives and works in Houston, Texas.

TO PROPERLY HANG YOUR BEAUTIFUL NEW MIRROR/PICTURE

This item comes to you with special hangers securely fastened to the back. **DO NOT USE PICTURE WIRE** to hang this mirror/picture. Instead, drive the proper size picture hooks securely into the wall, spaced so that the hangers will hang from those hooks. This will give even distribution of weight and safe installation. Picture wire does not evenly distribute the weight of the mirror/picture and causes strain to both wire and hangers.

.PARA COLGAR CORRECTAMENTE SU NUEVO ESPEJO O CUADRO HERMOSO

Este artículo viene a usted con las suspensiones especiales sujetadas con seguridad a la parte de atra. **NO UTILICE EL ALAMBRE** del CUADRO para colgar este cuadro o espejo. En lugar, conduzca los ganchos apropiados del cuadro con seguridad en la pared, espaciada de modo que las suspensiones cuelguen de esos ganchos. Esto dará una distribución pareja del peso y una instalación segura.

INSTRUCTIONS SUR L'ACCROCHAGE DE VOTRE NOUVEAU MIROIR OU TABLEAU

Cet article est muni de dispositifs de suspension solidement fixés à l'endos. **N'UTILISEZ PAS DE FIL** pour suspendre ce miroir ou ce tableau. Utilisez des crochets pour tableaux de la taille appropriée. Enfoncez les crochets dans le mur tout en vous assurant que l'espace entre les crochets correspond à l'espace entre les dispositifs de suspension. Cette méthode permettra une meilleure répartition du poids et une installation plus sécuritaire.
