Hello,

I routed below to ship 10/9 ship ID# 4349743 the PO's were combined together to ship on 1 truck but when we got back confirmation SID#4349758 was combined to ship on the same truck as well both had the same load# but different SID#, which resulted in to having an overflow.

You can also see attached pictures of how many pallets was left off and what was loaded on to the truck and shipment confirmations.

This was routed separately- THIS ONE SHIPPED TODAY

SID#4349758

Cartons: 915

Weight: 10,532

Cube: 2998

PO#3509506, 3509512

\*Please note for this load we had to do carton delete the new carton count that shipped is 899.\*

What I routed

Cartons: 164

Weight: 1390

Cube: 430

The overflow

Carton: 164

Weight: 1390

Cube: 430

PO'S routed together

3509512

3509518

5565527

OVERFLOW PO

3509518

5565527

3509512

Total pallets 5

Have you filled out an overflow form for this shipment?

Please fill out the template below that corresponds with your change request. In the body of your email, copy and paste only the completed section, also include the origin state in your subject line. Note: All shipment change forms must be submitted by 2 PM EST, one business day prior to pick up. If a quantity change results in a mode change the request may be denied. Changes are only allowed one time for a given shipment.

Hi nycole,

SID# 4349758 is being delivered by swift.

SID#4349743 was the overflow load that still needs a carrier.

They both had the same load number.

Shipment ID- 4349758- This did ship and was picked up by swift.

Shipment ID-4349743- This did not ship due to over flow.

I just needed to know if we are shipping SID# 4349743 with swift again or does the carrier change?

Both SID#'s had the same load numbers.

So I spoke with Swift and they are saying they did pick up Shipment ID-4349743. But if your saying they did not pick up the entire shipment, you will need to have the po's extended to route the remaining po's.

Shipment ID- 4349758- This did ship and was picked up by swift.

Shipment ID-4349743- This did not ship due to over flow.

I just needed to know if we are shipping SID# 4349743 with swift again or does the carrier change?

Both SID#'s had the same load numbers.

Hi nycole,

SID# 4349758 is being delivered by swift.

SID#4349743 was the overflow load that still needs a carrier.

They both had the same load number.

Hi Nycole

Do you have a supervisor that help with the override? In the past we get override to help expedite the routing procedure.  
We really need to get these POs ship.

Thanks,

David Pham

Shipment ID- 4349758- This did ship and was picked up by swift.

Shipment ID-4349743- This did not ship due to over flow.

I just needed to know if we are shipping SID# 4349743 with swift again or does the carrier change?

Both SID#'s had the same load numbers.

Shipment ID- 4349758- This did ship and was picked up by swift.

Shipment ID-4349743- This did not ship due to over flow.

I just needed to know if we are shipping SID# 4349743 with swift again or does the carrier change?

Both SID# s had the same load numbers.

Hi nycole,

SID# 4349758 is being delivered by swift.

SID#4349743 was the overflow load that still needs a carrier.

They both had the same load number.

**Subject:** BELK OVERFLOW LOAD#2043253

Hello,

I routed below to ship 10/9 ship ID# 4349743 the PO's were combined together to ship on 1 truck but when we got back confirmation SID#4349758 was combined to ship on the same truck

You can also see attached pictures of how many pallets was left off and what was loaded on to the truck and shipment confirmations.

This was routed separately- THIS ONE SHIPPED TODAY

SID#4349758

Cartons: 915

Weight: 10,532

Cube: 2998

PO#3509506, 3509512

**\*Please note for this load we had to do carton delete the new carton count that shipped is 899.\***

What I routed

Cartons: 164

Weight: 1390

Cube: 430

The overflow

Carton: 164

Weight: 1390

Cube: 430

PO'S routed together

3509512  
3509518
