Hello,

Reenter in Transplace for the units that are left on your dock. Once the shipment line item page appears follow these steps. Scroll all the way to the right.

Choose the reason code from the reason code drop down menu: OVERFLOW

Type in the Comment Field the following information: 770213363OC3581USXI

Note: If the purchase order(s) left on the dock are past cancel, you will need to have them extended.

Wait until the extension is **visible** in Transplace before reentering information.

Also, if this is an Overflow Multi-stop you are required to send the following photos (if you have not already) so we can send those to our compliance team for review.

1. Photograph of the trailer number
2. Photograph of the previous stop to indicate how full the trailer was and how it was loaded
3. Photograph of a carton from the previous stop
4. Photograph of the end of the trailer from the outside

****Keep in mind that if the above evidence is not provided then compliance will not review this issue.****

Thank You
TMS Helpline

Kohls TMS –

Due to capacity load 770213363 (DC 890) experience an overflow on Friday 1/26/18. Three full pallets of 20 carton did not make it on the truck. Please review the details and pictures below. We will need to re-enter this pallet for another pick-up. Please advise.
