After clicking on Release below should pop up and if inventory is OK then select OK

The screenshot shows the EECSystemUS web application interface. At the top, there's a navigation menu with options like TMS, Sales Order Management, Manufacturing, Evaluation, and Distribution. The main area is titled 'Wholesale Batch Mgt' and contains several input fields for Batch No., Customer, E&E SO No., Business Type, ETA Start Date, Batch Status, Routing Status, Pick List Creation Status, Stock Status, Location, and ETA End Date. Below these fields is a table with columns: Notes, Batch No., Customer, Customer PO No., E&E SO No., Order Cat., Batch Status, Routing Status, Pick List Creation Status, Stock Status, ASN Status, Location, Shipping Date, Casel After Date, Order Price, PaP Type, Created Date, Created By, Last Update, and Updated By. A modal dialog box is overlaid on the table, displaying the message: 'Inventory checked OK. Do you want to release batch [E02016112000010]?' with 'OK' and 'Cancel' buttons.

Once clicking OK below should pop up Release Successfully and then click OK

The screenshot shows the EECSystemUS interface. A modal dialog box with a warning icon and the text "Release successfully." is centered over the main data table. The dialog has an "OK" button. The background table lists various order items with columns for Name, Batch No., Customer, Customer PO No., EAE SO No., Order Cat, Batch Status, Rating Status, Pick List Creation Status, Stock Status, ASN Seat, Location, Shipping Date, Cancel After Date, Order Extn, PaP Type, Created Date, Created By, Last Update, and Updated By.

You will then go to "Batch Status" and change it to Release and click on search

This screenshot shows the same EECSystemUS interface, but the "Batch Status" dropdown menu is open, and "Release" is selected. The main table below shows a list of items with their respective statuses. The "Batch Status" column for all items in this view is "Released".

The screenshot shows a web browser window displaying a 'Wholesale Routing Sheet Management' application. The interface includes a header with the URL 'https://192.168.0.94/EECSys/US/WholeSale/RoutingSheetList.aspx?BatchID=18904%7c3%7c1%7cfalse%'. Below the header is a form with various input fields for 'Routing No.', 'Customer', 'Ship To', 'Batch No.', 'Business Type', 'Status', 'Steps', 'Carton No.', 'SM: SO No.', 'Routing', 'Date Type', 'Start Date', 'End Date', 'Customer PO No.', and 'ASN Sort'. A toolbar contains buttons for 'Print My Sheet', 'Print One Label', 'Print Packing List', 'Print Price Sheet', 'View Filter Info', 'Open Attachment', 'Generate', 'Ship To', 'Print Labels', and 'Report'. A table below the toolbar shows a single row of data with columns for 'Routing No.', 'Customer', 'Ship To', 'Batch No.', 'Business Type', 'Status', 'Steps', 'Carton No.', 'SM: SO No.', 'Routing', 'Date Type', 'Start Date', 'End Date', 'Customer PO No.', 'ASN Sort', 'Page Size', and 'Actual Ship Date'. A dialog box titled 'Print Ctn Label' is overlaid on the table, containing three dropdown menus for 'Ctn. Label Sort By(1)', 'Ctn. Label Sort By(2)', and 'Ctn. Label Sort By(3)', a checkbox for 'Print Separate Label', and a checked checkbox for 'Print Test Label'. The dialog box has 'OK' and 'Cancel' buttons at the bottom.

The screenshot shows the EECSystemUS interface. At the top, there's a navigation menu with 'Warehouse' selected. The main area is titled 'Wholesale Routing Sheet Management'. It features a search form with the following fields: Routing No., Customer, Ship To, Batch No., Business Type, Location, Status, Staged, EBE SO No., Printed, Date Type (Shipping Date), Start Date, End Date, Customer PO No., and ASN Sent. Below the form, there are buttons for 'View Pallet Info', 'Gen. Shipment', 'Search', 'All Info', and 'Exec'. A table below displays shipping data with columns: Routing No., Customer, Ship To, Mark for, Customer PO No., Location, Qty, Weight (LB), Cube, Adjusted Percent (%), Adjusted Cube, Estimated Pk Count, Shipping Date, Cancel Alter Date, Status, Staged/Printed, Carrier, Ship Method, Freight Term, ASN Sent, Last Update, and Updated By. The table lists 20 different shipping routes with their respective details.

You will then select on Wholesale Routing Sheet Mgt and select Search

This screenshot is identical to the one above, showing the EECSystemUS interface. The 'Search' button in the top right corner of the search form is highlighted with a mouse cursor, indicating the next step in the process.

You should see the order number you were working on and you will select the order on the left corner box

You will then click on Generate

The screenshot shows the 'Wholesale Routing Sheet Management' interface after clicking 'Generate'. The 'Generate Shipment' modal is still open, and the routing table is updated with a new entry for OLLIX at SDC with a ship date of 12/10/2016.

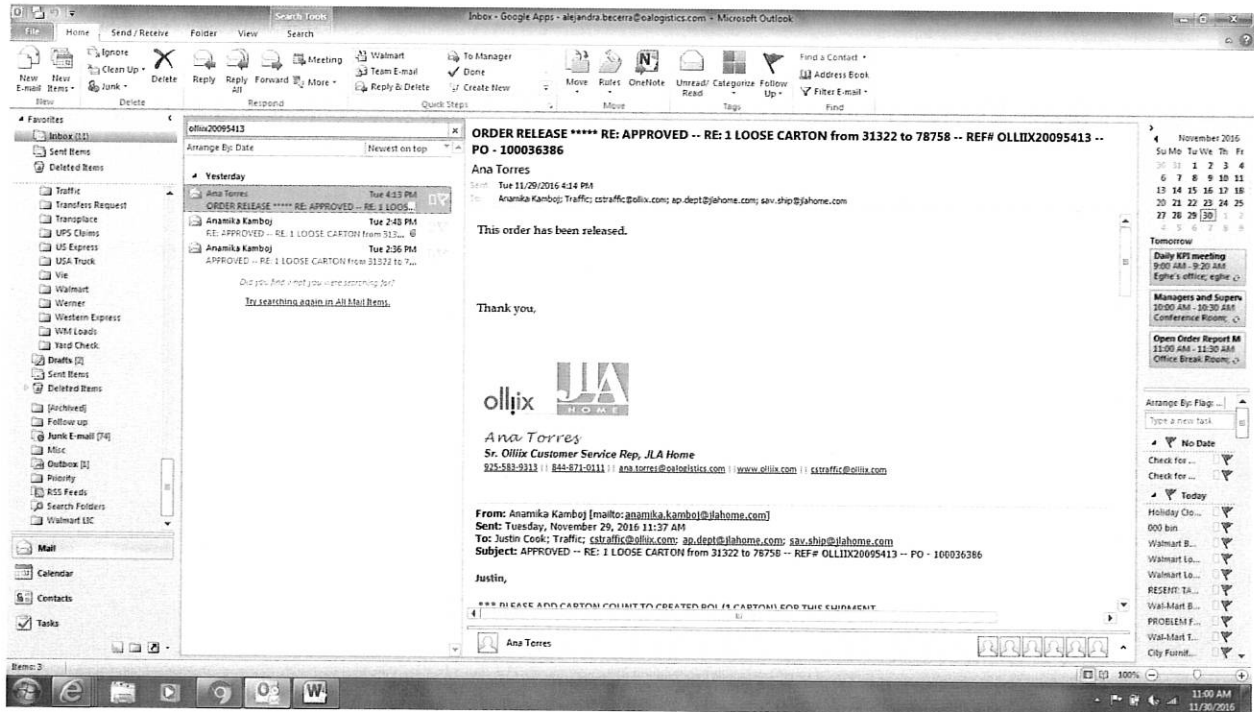

The background table lists routing items with columns: Routing No., Customer, Ship To, Mark for, Customer PO No., Location, Ctns, Weight (LB), Cube, Adjusted Pallet (%), Adjusted Cube, Estimated Pk Count, Shipping Date, Cancel After Date, Status, Staged/Printed, Carrier, Ship Method, Freight Term, ASN Sent, and Last Update.

Below should pop up and then you will have to click OK

The screenshot displays the EECSystemUS software interface. At the top, there is a navigation menu with options like 'Warehouse', 'Wholesale Routing Sheet Mgt', and 'Wholesale Shipment Mgt'. The main area is titled 'Wholesale Routing Sheet Management' and contains various input fields for 'Routing No.', 'Customer', 'Ship To', 'Batch No.', 'Business Type', 'Location', 'Status', 'Staged', 'Carton No.', 'EBE SO No.', 'Printed', 'Date Type', 'Start Date', 'End Date', 'Customer PO No.', and 'ASN Sent'. A 'View Pallet Info' tab is active, showing a table of shipping items. A dialog box titled 'Message from webpage' is overlaid on the table, displaying a warning icon and the text 'Generate shipment successfully.' with an 'OK' button. The table columns include 'Routing No.', 'Customer', 'Ship To', 'Mark for', 'Customer PO No.', 'Location/City', 'Weight (LB)', 'Cube', 'Adjusted Weight (Net)', 'Adjusted Cube', 'Estimated PB Cost', 'Shipping Date', 'Cancel Alter Date', 'Status', 'Staged', 'Printed', 'Carrier', 'Ship Method', 'Freight Type', 'ASN', and 'Last Update'. The table contains multiple rows of data, with some rows highlighted in blue. The bottom of the screen shows a Windows taskbar with the time 11:10 AM on 11/30/2016.

You will then have to put paper work together with the labels to give to the shipping supervisor

You will then have to go back to the release email

The screenshot shows the 'Wholesale Routing Sheet Management' interface. At the top, there are input fields for Routing No., Customer, Ship To, Batch No., Business Type, Location, Status, Staged, Carton No., EBE SO No., and Printed. There are also dropdowns for Date Type, Shipping Date, Start Date, End Date, and Customer PO No., along with an ASN Sent field. Below these is a 'View Pallet Info' and 'Gen. Shipment' section with a 'Search' button. The main area is a table with 20 rows of data. The columns are: Routing No., Customer, Ship To, Mark for, Customer PO No., Location, Qty, Weight (LB), Cabs, Adjusted Present (%), Adjusted Est, Estimated Fit Count, Shipping Date, Cancel Alter Date, Status, Staged/Printed, Carrier, Ship Method, Freight Term, ASN Sent, Last Update, and Updated By. The data includes entries for BEALLS, OLLIEX, KCPACET, WALMART, and KCVILLEYPURM IDC.

You will then select on Wholesale Routing Sheet Mgt and select Search

This screenshot is identical to the one above, showing the 'Wholesale Routing Sheet Management' interface. It displays the same search and filter options and the data table with 20 rows of shipping information. The interface includes a left-hand menu, a top search section, and a main table area with columns for routing details, customer information, and shipment status.

You should see the order number you were working on and you will select the order on the left corner box
