Subject: RE: KOHL'S needing extension

Hi Enid,

I'll ask extension to 10/19 so you can re-enter on Transplace for pick-up. I'll keep you posted.

Hi Kristal,

Thanks for sending over the info but here's the guidelines on Overflow.

For shipping dept please take note of photo requirements part.

Reenter in Transplace for the units that are left on your dock.

Once the shipment line item page appears follow these steps.

Scroll all the way to the right.

Choose the reason code from the reason code drop down menu: **OVERFLOW MULTI STOP**

Type in the Comment Field the following information: ex. 786217183OC3599PFYM

Note: If the purchase order(s) left on the dock are past cancel, you will need to have them extended. If they are not past the original cancel date at the time you are re-entering then you do not need to request an extension

Wait until the extension is **visible** in Transplace before reentering information.

Also, if this is an **Overflow Multi-stop** you are required to send the following photos (If you have not already) so we can send those to our compliance team for review.

1. Photograph of the trailer number
2. Photograph of the previous stop to indicate how full the trailer was and how it was loaded
3. Photograph of a GSI-128 Label from the previous stop
4. Photograph of the end of the trailer from the outside

****Keep in mind that if the above evidence is not provided then compliance will not review this issue.****

Thank you!
