Can you see below and see if we can find out where the other pallet is?

I added the Olliix Order numbers

Subject: Fwd: ETA for JLA240716BD and JLA240717G2

HI LISA,

I added the Olliix model numbers next to theirs.

Hopefully we can get this resolved. This is the second time this has happened.

Thanks

Hey Bryce,

Can you get me an ETA for the items that have not been delivered on these two orders please?

My warehouse is saying that only 1 of 2 pallets were delivered by Midwest Motor Express.

I have included the missing items below:

BB-JLLUXTPK x6 (only received in 1, missing 5). **FB13-1149**

SH-JLMICROQ x49 **ID20-145**

BB-JLMON3TW x20. **MZK10-164**

BB-JLSERGQN x5. **MPS13-272**

BB-JLWOODTW x16. **UHK10-0156**

Thank you! 😊

Dock searches requested for both orders. I wish they would not wait so long to let us know items are missing.

Oh, I think they told Bryce right away...it took him over a week just to get back to me on the item numbers.

oh shoot, I just feel like it lessens the chances of finding the missing pallets. Maybe we will get lucky on these, lol. I do not understand why carriers do not automatically start dock searches when shortage is noted on the POD anyway.

Bryce,

We requested a dock search for each of these orders. Hopefully we will have an update from the carrier by next week sometime. Are any of the items they are missing urgent or are they able to wait for the dock search results?

They Buyer is very frustrated that this is the second time this has happened. They need an answer sooner than later. We really need answers Monday Tuesday at the latest.

Thanks

Bryce –

This would have been resolved already had you responded to my first email on 8/23/24 (right after you originally sent me the email) before 8/28...that was a 5 day delay because I could not get a response from you despite multiple follow-up emails.

We will push them, but I cannot promise resolution today or tomorrow. They usually need about 5 days, so I think a better time frame is around Wednesday.
