## Testing

We have in-house well-equipped laboratory with highly qualified managers/supervisors to check the following on a daily basis,

- Yarn/fabric count as well construction
- GSM
- Colour fastness
- Dimensional stability
- Appearance after wash

## Inspection

We follow Acceptable Quality Level

(AQL)-Level II		
Critical (0)	Major (1.0)	Minor (2.5)

We do online/random/final inspections in all levels of the manufacturing process and have well qualified QA supervisors/managers striving to get best results consistently.

## External testing & inspection

We also use external testing & inspection services from the following lab's on regular basis,

- Bureau Veritas - BV
- Intertek - ITS
- Consumer Testing Laboratories, Inc
- SGS
- Elevate
- Omega
- All other customer nominated lab's & third party inspections are carried out with consistent results.
