One-stop solution

Due to coronavirus in 2020, some customers suggest that we help them to do some purchase and do some supporting projects, so we set up a company Jinruili Trading Limited and begin to help customers in need to purchase and provide one-stop service.

as we have many years of professional product experience and factory management experience, we know the material / product / quality / business, we believe that we can offer customers more quality product services and business services.

- sourcing supplier
- supplier audit
- product development
- order follow up
- quality control
- logistics

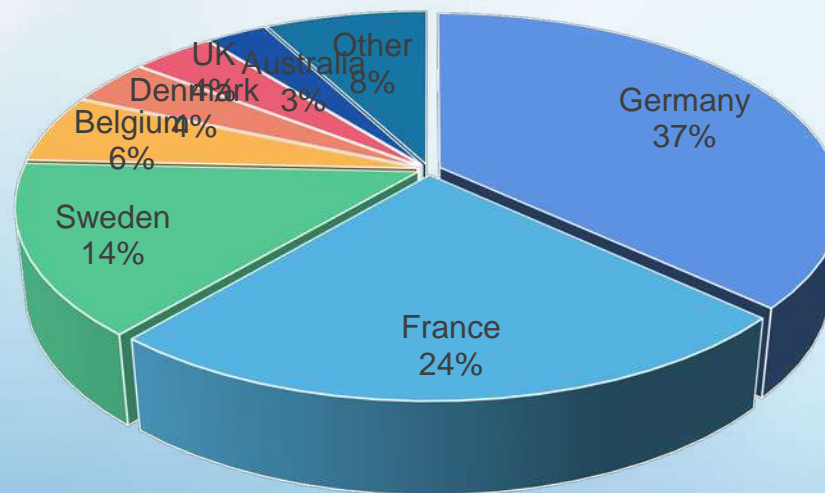

Global presence

After years of hard work and continuous innovation, our products have won the trust and support of customers. At present, our main market is in Europe, we mainly cooperate with large wholesalers and stores, work together to develop new styles.
