completely saves the
texture of the wood

eco-friendly and safe
materials with no foam

Usefulness

What is the wooden map ideal for?

The main ideas that our maps include are classic design, naturalness and modernity. We don't use neon colors, because we want our maps to suit any interior.

Our maps are perfect as a gift for friends, colleagues, decorative element for your home or office, mood board of your travels and the object to study geography.

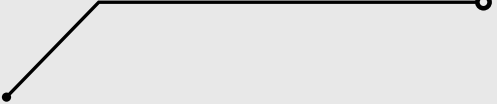

35

islands with names

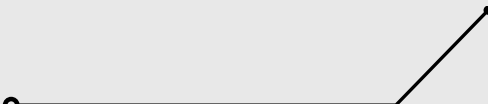

4

boats and planes

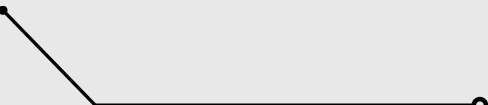

5

oceans

3
