# MEDIEVAL STYLE OUTDOOR LIGHTS

( FEB.2023 )

**BRILLIANT**  
LIGHTING-ACCESSORIES  
HOME GROUP

The series draws inspiration from this stylistic element and blends it with modern, minimalist designs for the 21st century, using medieval art as a backdrop.

The sublimation of abstract art can convey the visual language of spirit and power simultaneously.

Medieval art belongs to the multi-culture art interweaving and fusion, forming a pluralistic pattern of Western art under the overall appearance.

Medieval art inherited from ancient Greece and Rome and inspired Renaissance art in Italy, which gave birth to the prosperity of Renaissance art and also provided rich artistic and cultural heritage for Europe. Artistic creation in this period put more emphasis on the expression of the spiritual world.
