

NatureWork has been specializing in decorative and functional birdhouses for over 26 years. We are passionate about our products, keeping in mind the bird's comfort and functionality of the product, just like your own home, so our products can always help you to seize the market opportunity, we can always better meet your customers' pursuit of excellence in garden and backyard birding products. What makes our products so unique? Many of our bird houses and feeders are replicated from the both lots of professional feedback given by our partners and zoologists, and our own lots of specializing production experiences as well. We are inspired by high design, rich details and great craftsmanship, many of our employee enjoys with production experiences of being over 20 years specializing, who are the expert in this specializing industry. Our own factory has passed the certifications like FSC BSCI, and being with up to 10,000 square meters of construction area. All of these mentioned above is the fundamental guarantee that we can provide you with exquisite, unique and more competitive products, provide you with much more guarantee delivery service. Throughout the years we have always maintained our original vision, appealing to the birding enthusiast.
