Sarathy

Sarathy Export Fabrics is firmly established itself to be a reputed name in the home furnishing industry within the short span of decade.

The parent company was started in 1972 with the available resources. Now the network has grown to include many more such companies. Sarathy Export Fabrics was born in 1992.

Sarathy Export Fabrics has its pulse on the main activity framework, namely selection of raw materials, dyeing , weaving and conversation to finished product.

The company is capable of supplying Home furnishing products to the customers requirements

INFRASTRUCTURE

Our annual production capacity is 20 million pcs and we have integrated the core facilities to meet the capacity. We have sophisticated production units each one of them specialized. Our integrated facilities include dyeing, weaving, processing, Printing, Compacting, Computerized embroidery, Stitching, Laboratory and Finishing unit. Our factories are equipped with latest machinery imported from leading manufacturers and indigenous machinery. We have taken extreme care in selecting the best machinery to ensure quality.

All the production units are equipped to handle any type of textile products to suit the current trends and fashion. An experienced manager assisted by well-trained supervisors' heads each factory

QUALITY

Quality speaks volumes about the manufacturer and the product." Quality First" has always been a watch word in all of our processes.

Quests for Excellence We, at Sarathy have often voyaged into less-traveled realms seeking perfection. We dedicate ourselves to achieving our objective by maintaining quality at every stage and by complying with all current regulatory requirements. The quest for qualitative excellence has always driven Sarathy to quality superiority with price competitiveness. We teach our employees the team skills they need in today's workplace and always emphasize in trust, communication skills and team creativity.
