About US

Machine Perfusion

The factory strictly controls the production of raw materials and uses high-quality materials.

Workshop

The factory has 5 production lines to support various process customization.

Inspection

The factory has a perfect quality inspection process, strict control of product quality.

Environment

The factory is clean and tidy, with multi-production equipment and high efficiency of the assembly line

Storage

The factory has an independent warehouse. The warehouse environment is dry, airy and spacious

Showroom

We have a wide range of products in our showroom

Shanghai Dream Candle factory operates in Shanghai and Nantong Jiangsu. Our two factories both have over 70,000sq.ft standard workshop factory.

TRADE SHOW

Over 30 years
exhibition experience

We offer great design, comprehensive product testing and quality assurance along with low minimum order values

2023 Autumn Canton Fair

2023 Spring Canton Fair
